

February 6th of 2022.

**COIL International Seminar
2nd Edition
June 8th and 9th of 2022**

Universidad de Monterrey
International Programs
Prepa UDEM Internationalization Services Coordination

ANNOUNCEMENT:

Prepa UDEM Internationalization Services Coordination convenes the COIL International Seminar, 2nd Edition, to be held virtually next Wednesday, June 8th and Thursday, June 9th of this year.

In the current educational context, internationalization at home (IeC) is increasingly important for the pedagogical experience in the classroom. With this in mind, and in order to promote intercultural experiences among our teachers, this seminar seeks to share, from the teachers' perspective, good practices, success stories, as well as areas of opportunity in the use of the COIL methodology in Classroom.

We invite all the faculty of Prepa UDEM or any other institution of higher secondary education in Mexico and abroad, who have carried out a COIL project in their classroom, to participate with a presentation of no more than twenty minutes in the panel "COIL: success stories and challenges to overcome", on June 8th, 2022.

We suggest your presentations to address the following topics:

- The creation of intercultural knowledge
- Team collaboration
- Use of technologies
- Areas of opportunity in virtual projects
- Experiences in the classroom from virtuality
- Collaborative work with a different culture
- Interdisciplinary projects
- COIL projects with different languages

Regulations for submissions:

- a) Presentations can be made by a maximum of two participants.
- b) Participants are limited to submitting a single paper.
- c) If a participant has submitted an individual proposal, they cannot be included in a co-authored proposal, and vice versa.
- d) The paper must deal with a previously implemented COIL project.
- e) Presentations should last between 15 to 20 minutes.
- f) The papers may be presented in English or Spanish (there will be simultaneous translation).

The proposals must meet the following requirements:

- a) Document in Word (.doc or .docx),
- b) Title of the paper
- c) Name and surname of the author or authors
- d) Institutional affiliation, position or title within the institution,
- e) Email address of the speaker(s)
- f) Abstract of the presentation (maximum 250 words),
- g) Four keywords,
- h) Written in Spanish or English.

Proposals should be sent as an email attachment:

Email: coil.prepaudem@udem.edu.mx

Dates: From February 8 to May 1, 2022.

Important dates:

- Reception of proposals: from February 8th to May 1st 2022
- Notification of acceptance/rejection of papers: May 31st, 2022
